

# Cloud Solutions for the Modern Workplace <sup>®</sup>

Whether you are ready to transition to a cloud environment or extend the value of existing IT investment, you need a trusted partner that offers consultation, proper execution, management and ongoing support for your businesses IT needs. CNS provides cloud-based services such as Microsoft Office 365 and Azure to increase their employees productivity and lowering costs.

With Managed-IT CNS oversees your cloud and on premise technology and support for a flat monthly fee that includes 24x7 unlimited help desk support and onsite technical services. We also include the latest technologies for data protection, disaster recovery, security, system monitoring, administration and much more.

**24x7 Support** - With Managed-IT you receive outsourced IT support for administrative and maintenance functions. Plus a 24x7 help desk team to support all of your employees.

**Mobility** - With Microsoft Office 365 OneDrive and SharePoint you get space in the cloud to securely store, backup, and easily share files. give you access to files are accessible from virtually any device, and synchronize for offline access.

**Security** - Microsoft Office 365 Advanced Threat Protection provides anti-virus, anti-spam, and malware protection, plus continuous backup and proper management of Windows Security patches.

**Data protection** - Get cost-effective protection for all your data from cybercriminals, natural disasters, hardware failures, and more. We protect your data on premise and cloud with Office 365 and Barracuda Backup.

**24x7 Server & Network Monitoring** - With Managed-IT we monitoring your systems and network infrastructure 24 hours a day, 7 days a week for predictive failures and security threats.

**Microsoft Office 365 and Azure** - We migrate customers and administer the cloud services that meet your business needs. As a Microsoft Cloud Solution Provider CNS allows monthly billing so you only pay for what you use.

CNS is a Microsoft Gold Partner doing business for 30 Years. Our biggest value is our technical staff that each have specific role to better manage and support our customer's IT. As a Microsoft Cloud Solution Provider we have deployed multiple Cloud based technologies to ensure that we are matching our client's needs.

*"Moving to the Cloud was painless for our office because of the professionals at CNS. They helped us move to the right cloud solution by identified our technical and business requirements. I recommend using them for cloud solutions and IT support."*

**Damore, Hamric & Schneider, Inc. CPA's**

**By partnering with CNS and Microsoft you will maximize your IT environment's uptime and efficiency, letting you focus on your core business.**
